

# Functional Blood Chemistry Analysis

You are invited to attend an exceptional seminar that may change your practice forever!

The timeless topic of Blood Chemistry gets a past due makeover from one of the top nutritional clinicians in the country as Dr. Datis Kharrazian presents new information gleaned from current medical literature in a special 2 day seminar! Learn to spot patterns that can indicate a myriad of health conditions and gain insight into managing them.

You will have access to affordable laboratories throughout the country that do not require prescriptions to draw blood. Technical support is also available that will dramatically shorten your learning curve and allow you to incorporate it immediately into your practice.

For Seminar dates and times, either visit [HormoneSeminars.com](http://HormoneSeminars.com) or call our Seminar dept @ (800) 736-4381

Dr. Kharrazian has developed a new reference manual that will doubtlessly become the industry standard and allow you to:

- Develop a reliable perspective for viewing lab reports
- Assess the Immune system
- Evaluate Thyroid health
- Identify and manage blood sugar imbalances
- Assess Liver, G.I. Tract, and Biliary Function
- Gain a valuable understanding of endocrine physiology and function
- And much more!

Featuring: **Datis Kharrazian**, D.C., M.S., F.A.A.C.P., D.A.C.B.N., D.I.B.A.K., C.N.S., C.S.C.S., C.C.S.P.
